Policy Number	1
Policy Category	Academic Policies
Policy Responsibility	Academic Dean (CCC)

1. POLICY STATEMENT

This policy relates the College’s emphasis on the importance of final examinations as an important method of evaluation for undergraduate education for students, particularly during their first two years of study. Courses at the College will include a final examination as an appropriate means of measuring a student’s mastery of the objectives of a course. A final examination will account for no less than 20% and no more than 40% of a student’s final grade in a course. Any exceptions to this policy must be indicated in the syllabus and approved by the Dean.

The following will apply to all final examinations at the College:

- All course syllabi must specify if a final examination is part of the evaluation criteria of the course and specify the value of the examination to the overall course grade.
- Final examinations will only be given during the scheduled examination period.
- The final examination period for each academic year will be published annually on the College website and will be posted in the Registrar’s Office as part of the College’s Academic Dates.
- The final examination schedule will be published by the Office of the Registrar a minimum of eight weeks before the final day of classes in each semester and three weeks before the final day of classes in the Summer I and Summer II terms.
- Final Examinations are normally scheduled for three hours.
- Students will not be required to write more than two final examinations in a 24-hour period.
- Faculty members are responsible for invigilating and evaluating final examinations. Alternate invigilators may be appointed in consultation with the Dean and/or Registrar.
- All final examinations will be retained in the Dean’s Office for no less than one year from the date the exam was written. After a period of one year, all retained exams may be destroyed in a manner approved by the College.
- All final examinations are governed by College policies on Academic Honesty and Academic Appeals.

CLASS ATTENDANCE AND FINAL EXAMINATIONS

The College regards class attendance as an important contributor to academic success. At the discretion of a faculty member, students who miss 25% or more of their classes, regardless of whether the absences are avoidable or unavoidable, may be excluded from the final exam. This policy also applies to online courses.

SUCCESSFUL COMPLETION OF FINAL EXAMINATIONS

At the discretion of the faculty member and with the approval of the Dean, a student may be required to pass a final examination in order to receive a passing grade in the course. This requirement must be clearly outlined in the course syllabus.

MISSED FINAL EXAMINATIONS

A student who is unable to attend the final examination must notify the faculty member (and copy the Dean) to provide a satisfactory explanation within 48 hours of the missed scheduled final

examination time and request the possibility of a make-up examination. The faculty member may request supporting documentation. If appropriate, the faculty member may reschedule the final examination.

RELIGIOUS HOLIDAYS/FINAL EXAMINATION SCHEDULE

The College recognizes that students may find themselves, for religious reasons, unable to write a final examination as scheduled. In these circumstances, students are expected to notify the faculty member and the Dean at least four weeks prior to the scheduled date of the final examination. Alternate arrangements may be made to reschedule the examination or evaluate the student by other means.

ACADEMIC ACCOMMODATION FOR FINAL EXAMINATIONS

The College will provide academic accommodations as per its policy on Academic Accommodation for Students with Special Needs and may provide alternate arrangements for students with a documented disability. All accommodations for final examinations will be reasonable and appropriate to meet the student's documented requirements.

STUDENT ACCESS TO FINAL EXAMINATIONS

Students may have supervised access to their final examinations after the final grade for the course has been released. Access to the final examination will, on the written request by the student within 30 days of the final grades being released, be supervised in a confidential setting by the faculty member of the course or a designate. At no time is a student permitted to retain a copy of the final examination, nor copy, photograph or reproduce the exam in any way. A review of the final examination is strictly for pedagogical purposes in order to provide feedback on the examination and performance in the course. At no time does the review constitute a reassessment of the grading of the examination or the final grade in the course. A student wishing to seek reassessment of the examination or final grade in the course must follow the procedure outlined in the College's policy on Academic Appeals.

COLLECTION, USE AND STORAGE OF FINAL EXAMINATIONS

Final Examinations are the property of the College and are retained for a period of one year from the date of the exam. Final examinations are to be collected from faculty by the Dean's Office at the end of each final examination period and are to be stored in a secure location. Final examinations are retained and may be accessed for the purposes of academic appeal, course review, and/or review of a final examination with a student. Final examinations are shredded or destroyed after one year as per the College's record retention practices.
